## County fire chiefs band together

Posted 3 days ago

The Simcoe County Fire Chiefs have banded together to speak out in a unified voice in favour of residential sprinklers as a method of reducing loss of life and minimizing property damage. The Fire Chiefs say they support the legislation that will promise greater fire safety to all citizens.

On May 29, the Fire Chiefs are on the move to the Ontario Legislature for Second Reading of MPP Linda Jeffrey's Private Members Bill 72, Municipal Residential Sprinkler Act, 2008.

"Evidence from other jurisdictions clearly shows that where sprinklers are properly installed and maintained in residential structures they save lives and reduce property damage" Tony Van Dam - Fire Chief, Springwater Fire Department /President, Simcoe County Fire Chiefs Administration Group.
