Sprinkler helps control fire at Kitchener apartment building

Record staff

KITCHENER

A fire at a Kitchener apartment building was contained thanks to a functioning alarm and sprinkler system. Platoon chief Ron Taves said when firefighters arrived at the second-floor apartment at 25 Joseph St. on Tuesday evening, the sprinkler was keeping the fire under control. A fluorescent light fixture in the bathroom is believed to be the cause of the spark. The fixture has been sent for testing to determine the problem. No one was injured, and the damage is estimated to be \$1,500.
