

The Ontario Science Centre turns 40!

We have an exciting lineup of new temporary exhibitions, science demonstrations, interactive experiences and thrilling films under the IMAX® Dome to celebrate!

New under the IMAX® Dome!
Opening April 3, 09

Under the Sea 3D, the newest IMAX® adventure to come to the Ontario Science Centre, transports moviegoers to some of the most exotic and isolated undersea locations on Earth, including Southern Australia, New Guinea and others in the Indo-Pacific regions. Narrated by Jim Carrey, "Under the Sea" offers an inspirational and entertaining way to explore the unique beauty of this rarely seen realm, and an awareness of the impact that global climate change is having on the oceanic wilderness.

Warner Bros. Pictures and IMAX Corporation present "Under the Sea," an underwater documentary adventure narrated by Jim Carrey.

Sultans of Science Exhibition—until May 10, 2009 only!

Explore the important scientific and technological advancements and discoveries made by scholars during the Golden Age of the Islamic World from 700 to 1700 CE. Learn how scholars developed the decimal point, flew the first successful glider and navigated the seas without a magnetic compass. Included with Science Centre admission.

What's Revealed In Your Garbage?

Exhibit Spotlight

It may be dirty and smelly, but searching through other people's garbage can be a common task for a spy. We all give away information about ourselves in the trash we throw away. Spies can piece together these snippets of information to find out about someone's movements, contacts or interests.. Do you have what it takes to be a top spy?

NEW SPECIAL EXHIBITION SCIENCE OF SPYING OPENS APRIL 9, 2009

The science of...
SPYING
The new spy skills exhibition

Find out if you've got what it takes to be a modern-day spy in this new interactive family exhibition. After being recruited as a trainee spy, explore the skills and abilities required by real agents and use some of the latest technologies that help spies gather and analyze information. *Included with Science Centre admission.*

April 9-September 7, 2009
