

NFPA 13-Sprinkler System Installation Requirements

PURPOSE- There are hundreds of types of sprinklers in use today. Determining where to locate them can be a complex task. They need to be spaced properly and installed in specific locations to ensure coverage of the protected area and located far enough away from obstructions to ensure that the spray pattern can adequately develop and control or suppress a fire. The rules that govern this complex matrix of decisions are found in Chapter 8 of NFPA 13 on Installation Requirements. This fast paced and interactive seminar will guide the participant through series of decisions and requirements that lead to compliance with NFPA 13 and ensure the system will operate properly when needed.

WHO SHOULD ATTEND?

- Code Officials
- Designers/Contractors
- Design Professionals Architects/Engineers
- Building Owners/Managers
- Installers
- Insurance Representatives

MATERIALS-

Each attendee will receive a CASA workbook and other prepared materials.

When: Tuesday November 20, 2018
City: Kanata, ON.
Location: Kanata Recreation Complex,
100 Charlie Rogers Pl, Kanata, ON K2V 1A2
Time: 8:30am to 5:00pm
Fee: \$225 per person + 13% HST
