*To enhance the level of life safety
and property conservation from
the effects of fire through the
use of fire sprinklers.*

Serving the fire sprinkler industry for over eighty years the Canadian Automatic Sprinkler Association is a trade association whose objectives are to:

Promote, defend, enhance and improve the business of installing fire sprinkler and suppression systems;

Foster and promote the recognition of the fire sprinkler industry as a unique identity in itself;

Conduct such programs and projects as are in keeping with these objectives, including, but not limited to:

Engineering Service, Insurance, Federal Liaison Building and Fire Codes, Labour Relations Exhibitions, Tech. Certification/Training, Legislation Field Programs, Seminars and Workshops Networking Publications

Benefits – A CASA Contractor/Voting Membership will keep you fully informed in all areas of sprinkler protection through four membership publications.

CASAnotes Magazine and QR

In electronic format are filled with industry news events, these publications cover local, provincial, regional and national activities of CASA members across Canada.

National Fire Sprinkler Magazine in electronic format

This magazine is packed with articles, opinions and information from the leading experts in the industry across North America.

Sprinkler Technotes in electronic format

Published bi-monthly, this newsletter keeps members up-to-date on changes and proposed changes to fire sprinkler codes and standards, as well as the rapidly developing fire protection technology.

Membership also entitles you to the same significant price reductions enjoyed by other industry members on a wide range of CASA publications, seminars and products.

You will have access to CASA's professional staff for technical assistance.

The Association also assists local jurisdictions interested in developing legislation to increase fire and life safety in their communities.

Participation – Voting Members have many opportunities for direct input into the fire sprinkler industry, locally and at the national level.

Board of Directors

Elected by and from CASA Members in good standing, usually representatives of local areas of the country, purview over those affairs germane to the contracting interests of the industry, including, but not limited to labour standards, installations standards, building codes,

legislations and other functions consistent with the Code of Ethics, Constitution, By-laws and Amendments of CASA.

Voting Members participate locally in groups established throughout the country. They meet on a regular basis to share concerns, hear industry speakers, and provide direction through the BofD to staff.

National Committees

Voting Members participate on several national committees, both internal and external, which address issues affecting the fire sprinkler community.

Future Leaders

Are employees of CASA member companies- Contractor, AMS, and ADP.

This group has several meetings each year, most often via electronic means. All who qualify are welcome to join this group to provide input to the CASA BofD on issues and affairs of the Sprinkler Industry.

They are governed by policy documents and have a chair and staff liaison.

Contractor/Voting Membership

Any firm or corporation which is actively involved in the installation, service or repair of any fire sprinkler system in Canada is eligible for Contractor/Voting Membership. Such firms or corporations must employ trades persons who hold a Provincial Sprinkler Fitter Certificate of Qualification card. In addition, members in this category must work to design drawings prepared by a P.Eng. proficient in fire protection, or a N.I.C.E.T. Level III or Level IV Fire Protection Technician. A Contractor/Voting Member may do installations, ICI, Service and Residential work as well.

Membership Fees

The annual cost of a Contractor/Voting Membership is:

\$350.00 for third party review.
\$300.00 for the head office annual fee
\$100.00 for each branch office
Plus 13% HST (#R100760123)
